TESTIMONIALS

"I love it, it's such a helpful round-up of local groups. It's a real asset for knowing who is out there and the broad range of community organisations that operate locally. I have passed on several copies across the Royal Collection Trust and they have gone down very well. Thank you Jon."
Amy Stocker, Royal Collection Trust

"Very happy with our entry and amazed at the amount of different organisations in the town. It is important for all groups to be aware of each other so everyone can work together and Jon does a great job bringing people together! It's also very useful for the public to have one place to see all the different groups and activities."
Louise Jones, Thames Hospice

"I think it's a really good publication."
Cllr Siân Martin

"I liked our entry very much. I am not sure we have had any business from it yet. I have seen a digital copy and was very impressed."
Donna Stimson, Green Skills Library

Professional and user friendly. Colourful useful guide to community groups. Not dull!!! Well done!

Volunteers & Supporters
A volunteer would be required to raise the profile of the charity and use initiative and energy to come up with novel ideas to fund raise. Whether it's a coffee morning, a bucket collection, sponsored activity, sponsored raffle, or by setting up a Just Giving page, all help to fund the work of this vital pioneering charity.

Perhaps a volunteer could use their craft skills to make something creative to sell?

With a fundraising event, including tea and cakes, book sale, hand made greetings cards and tombola, (as well as Tesco bucket collection) my friends and I have raised well over £1000!

We meet regularly to enjoy each other's company, to debate topical issues and to contribute to our local communities and charities. Please refer to the Events section on our Meetup page to find out more about our upcoming events and/or join our Facebook group. We are affiliated to both the Humanist UK and the National Secular Society. All are very welcome to join us.

Humanism is a positive life stance centred on people which aims to create a more open and caring society based on our shared humanity rather on religious doctrine or a divine afterlife. We believe this is the way we should make the world a better place for ourselves, and for others. In today's world, with increasing extremism based on religious dogma and science, this is what Humanists strive to achieve.

We are completely volunteer led. We are a group of Humanists covering the Windsor, and wider East Windsor and South Windsor. We provide
